Summary

MERN Stack Developer with strong foundations in JavaScript, React.js, Node.js, and MongoDB. Built and deployed multiple real-world MERN projects. Solid grasp of Data Structures and Algorithms with active participation in coding contests. Passionate about contributing to impactful development teams and building scalable solutions.

Skills

Programming Languages: Java, JavaScript, Python
Technology : React Js, Tailwind CSS, Express Js, Node Js, Mongo DB
Tools : Github, Git, Vs Code, Leetcode, GreeksforGreeks, Clerk

Experience

Backend Developer Intern   **July 2023 – August 2023**
E-Commerce Website   *Tech Stack: Django, SQL lite*

- Developed a responsive, user-friendly e-commerce platform using Django, HTML, and CSS with optimized front-end performance and cross-device compatibility.
- Implemented reusable templates, RESTful APIs, and Django authentication to streamline development and secure user access.
- Integrated SQL lite for managing products, users, and orders, along with a custom admin dashboard for easy data handling.
- Enhanced UX with features like product searching, error handling, and version control using Git, ensuring smooth deployment and navigation , implemented Secure Payment Gateways Using Razorpay.

Projects

Ai Saas | *MERN*   **July 2025 – Aug 2025**

- Developed a scalable AI-powered SaaS platform enabling users to generate content using Gemini Ai models.
- Implemented user authentication and subscription management using Clerk.
- Designed responsive UI with Tailwind CSS and React Js.
- Deployed the application with vercel ensuring high performance and global availability.

Ai Resume Builder | *MERN*   **Aug 2025 – Sep 2025**

- Designed and developed a full-stack **A**I Resume Builder Web App using **M**ERN stack (MongoDB, Express, React, Node.js) integrated with **G**oogle Gemini API to generate and optimize professional resumes dynamically.
- Implemented secure **u**ser authentication (sign in / sign up) and a complete resume management system allowing users to create, edit, delete, and manage multiple resumes effortlessly.
- Added **r**eal-time resume live preview and **s**hareable online resume links for easy portfolio showcasing
- Integrated **I**mageKit for efficient image uploads, including **A**I-powered background removal for professional profile photos.
- Supported **m**ultiple resume templates, and enabled users to **u**pload existing resumes for AI-based optimization, enhancing both content and structure automatically

Awards & Certifications

- **Walmart Sparkathon 2025 Participated:** Participated in Walmart's national-level hackathon with the project idea **Anti-Grinch Bot**.

- **Codeforces Competitive Programming:** Active participant in Codeforces contests with a current rating of 626 (Newbie level). Regularly solving algorithmic challenges to strengthen problem-solving skills

- **Practiced DSA :** Practiced 300+ DSA questions on Leetcode, codeforces and GreeksforGreeks

Education

B.E Information Technology   **Graduation: 2027**
Government Engineering College, Modasa   *CGPA: 6.84 / 10*
Diploma. Information Technology   **Graduated: 2024**
Government Polytechnic, Ahmedabad   *CGPA: 8.22 / 10*
